Deleum units secure jobs from Petronas and Shell

PETALING JAYA: Deleum Bhd's subsidiaries, Deleum Primera Sdn Bhd and Deleum Oilfield Services Sdn Bhd, have won a series of contracts from Petroliam Nasional Bhd (Petronas) and Shell. The contracts are, on average, over a three-year period, beginning 2018 to 2021

with options for extension.

Deleum said the value of the contracts depended on the agreed rates and the work order issued by customers for the duration of the contracts.

Deleum Primera, a 60%-owned subsidiary

of Deleum, has won two contracts from Petronas Carigali Sdn Bhd under the integrated corrosion solution segment. Meanwhile, wholly owned subsidiary Deleum Oilfield Services has won a contract from Sarawak Shell Bhd under the oilfield services segment.
