Deleum's Q3 Pre-tax Profit Rises To RM17.42 Million

KUALA LUMPUR, Nov 26 (Bernama) -- Deleum Bhd's pre-tax profit for the third quarter ended Sept 30, 2012 rose to RM17.42 million from RM13.53 million in the same period last year.

Revenue increased to RM125.02 million from RM80.72 million previously, it said in a filing to Bursa Malaysia Monday.

It said the increase in revenue was primarily contributed by the power and machinery segment of RM105.30 million from RM55.05 million last year.

"Contribution from this segment is mainly attributable to the increased demand from the customers on the back of robust exploration and production activities," it said.

Deleum said the prospects of the domestic oil and gas industry would remain sound, underpinned by robust exploration and production activities motivated by the Economic Transformation Programme.
