Deleum buys over Rotary Technical

KUALA LUMPUR: Deleum Bhd's wholly-owned unit Delcom Services Sdn Bhd has signed a share sale agreement with the shareholders of Rotary Technical Services Sdn Bhd to acquire the entire stake of Rotary for RM10.68mil.

Rotary is involved in providing service, repair, modification, upgrading and installation of machinery and equipment, primarily for motors, generators, transformers, pumps and valves.

The acquisition, expected to be completed by the second quarter, will contribute positively to the earnings of Deleum. — Bernama
